

EXHIBITION APPLICATION

Application procedure for all artists

Initially, the gallery requires submission of 6 good quality JPEG images that can be forwarded to us by e-mail or submitted on CD or memory stick. Alternatively, the gallery can accept good quality photographs submitted as hard copies. All images should be submitted with this form and a short statement about the work. If the exhibition application is for a curated show a 200 500 word proposal is required (including any images if they are available and/or relevant).

Once images and/or proposals are received they will be seen by the Exhibitions Committee which meets every 6 weeks and artists will be contacted as soon as possible after their images have been viewed or proposal read.

Please fill out details for the images you are submitting on the accompanying page.
